A guided tour ups your chances of seeing turtles nesting and hatching along the Costa Rica coast. Not only does your guide know the best spots for seeing turtle activity during its season, but also provides tons of insight into the turtle life cycle that you might otherwise miss. Turtle tour lets you see turtles nesting and hatching in the wild Guide shares information about turtles and other wildlife as you walk Seasonal offer—take advantage of your timing in Costa Rica.

September and October are the strongest months for turtle nesting. The pick up starts at hotels within the Samara-Carrillo Beach area. You will ride with a driver/guide to either Corozalito Beach or Camaronal Beach towards the South from Samara or if there is an arribada in Ostional Beach, the tour will be changed for no additional cost. Arribadas are when thousands of turtles come to shore to lay eggs. This happens once a month from 3 to 4 days after the last quarter phase of the moon.

The Diria Coffee tour is a project that was founded on December 12, 2003, to benefit the Matambu community. The purpose of the project is to teach national and international tourists about how coffee is grown and processed. The tour is in Matambu, which is a small town located in an indigenous reserve in the Hojanca province.

It is the only indigenous reserve in Guanacaste and the town is characterized by its commitment to conservation, recycling, and environmental protection. This is a truly unique experience, which follows the journey of the bean from when seeds are first sown, all the way to when your favorite drink is poured into your cup. Learn about the process step-by-step, and finish with a fabulous coffee tasting. This is a remarkable learning experience that you can't miss!
